MINI DISPLAYPORT TO VGA CABLE

Connect any PC, laptop with mini DisplayPort to VGA display

The Mini DisplayPort to VGA adapter cable allows you to send high definition video and digital audio from a MacBook® or UltraBook® to TV's, monitors, or projectors with VGA inputs. Compatible with Intel Thunderbolt® providing 10Gbps bi-directional transfer speeds for data and video. The white 6 foot cable is easily attached with no setup or drivers required. View Full HD video, and display resolutions up to 1920x1200 and digital 7.1 surround sound.

- Compatible with Intel™ Thunderbolt® for 10Gbps transfer speeds
- View Full HD content on your VGA equipped TV, monitor or projector
- Plug and Play, no installation software or drivers required
- Supports Full HD1080p, digital 7.1 surround sound and resolution up to 1920 x 1200
- Gold-plated connectors and contacts help ensure maximum signal transfer and corrosion resistance

Specifications
